

"Bright Spot"

SUICIDE PREVENTION LEARNING COLLABORATIVE

Join partners in suicide prevention to celebrate *Bright Spots*, successful and impactful work going on right here in South Dakota. This learning collaborative will take place virtually monthly. There will be a brief presentation from a partner in South Dakota followed by discussion and networking. This is a great opportunity to learn from various organizations and take back to the communities that you serve so we encourage you to attend all virtual meetings. Access the registration link for **each** session below.

TARGET AUDIENCE:

- + Health professionals (*medical and behavioral*)
- + School personnel (*primary, secondary, post-secondary*)
- + Youth organizations
- + Community prevention organizations
- + Other organizations serving specific populations like Veterans, American Indian, LGBTQ

CEUs AVAILABLE:

1 continuing education contact hour is offered for full attendance at each virtual event to use for educator certification & social worker licensure renewal.
